

# Where Are They Now?

OSU Biosystems and Agricultural Engineering graduates **Doug and Jan DeVoe** formed their own company in October 1995. Doug and another individual joined to form DeVoe and Matthews. Doug serves as the director of research, while Jan works as the financial administrator. The company specializes in computer simulation, computer modeling and analytical photogrammetry. Doug and Jan have two children, Matthew, 11 and Katy, 8. You can check out their company website at <http://www.D-and-M.com>.

**James C. Ludwick**, a 1958 Ag Engineering graduate, and his wife, Jimmie, are retired and living in Chickasha. They say they are enjoying golf and other leisure sports.
